ENESLOW ON-SITE SHOE AND ORTHOTIC REPAIR WORKSHOP

At Eneslow we offer comprehensive repair services for your footwear and orthotics. The same level of attention to quality and detail is applied in our repair department as if we were custom making your shoes and orthotics. The goal where possible is for your repaired or refurbished products to be returned to you like NEW! Call, or walk-in anytime and discuss your needs with our pedorthic staff to help breathe new life in to your favorite footwear and orthotics.

ENESLOW COMPLETE SHOE MAKEOVER*

- Re-make your shoes wider, deeper, change shape (re-last)
- Raise or lower heels and soles to enhance function and comfort
- Add special materials to reduce impact and shear forces
- Modify shoes to control motion, and redistribute pressure
- Add special closures to help make shoes easy to put-on and take-off

*Caution: some footwear because of their design and construction may not be suitable. All products will be inspected before work begins.

ENESLOW FOOTWEAR AND ORTHOTIC SOLUTIONS

When off-the-shelf solutions are not sufficient to accomplish foot-comfort and biomechanical goals, Eneslow can help you with footwear and orthotics solutions. Our on-site team of Senior Orthopedic Technicians and Master Custom Shoemakers will create, design, fabricate and fit you with a custom solution for your unique needs.

CUSTOM SHOES

If your needs are not being met in ready-made shoes, Eneslow Custom Shoes could be right for you. Beginning with our Pedorthic Assessment, great care is taken to deliver a great pair of shoes. Measurements and

cast impressions of your feet are taken to produce 100% custom footwear for you. We create unique lasts, hand-select the highest quality leathers and materials to produce the most comfortable shoes for your personal needs. Happy feet make people happy.

CUSTOM ORTHOTICS

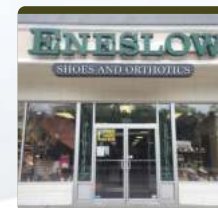

Eneslow Pedorthists are trained to help you achieve your ideal comfort and biomechanical performance with every step. Whether we are filling a prescription, your current orthotics are no longer getting the job done, or you just need more support Eneslow can custom make orthotics to get you back on your feet. Beginning with our Pedorthic Assessment, great care is taken to deliver improved comfort and balance. Measurements and foot impressions are taken to produce a mold that is 100% custom to your feet. Our goal is to provide optimal design and fit, to produce comfort and performance with Eneslow custom orthotics fabricated in our on-site workshop.

ENESLOW MISSION STATEMENT

— IMPROVING PEOPLE'S LIVES FROM THE GROUND UP

At *Eneslow* our mission is to improve people's lives from the ground up. Eneslow helps people relieve painful foot conditions and achieve optimal gait by utilizing our skills to fit you in the best combination of shoes, orthotics, orthopedic modifications, foot aids, and hosiery. Our staff of skilled pedorthists, orthopedic technicians, and master shoemakers work hand-in-hand to provide the best possible outcomes for every one of our clients. The Eneslow team are educated and trained in pedorthics and biomechanics. This training allows us to assess your current footwear and evaluate your gait.

This allows us to recommend and provide optimum footwear solutions for your individual needs.

PEDORTHIC ASSESSMENT AND CONSULTATION

FOR FOOTWEAR SOLUTIONS

- Assessment of your current footwear: fit, style and shape in relation to your feet, lifestyle and biomechanical needs.
- Foot and Shoe size measurements of both feet while standing
- Biomechanical evaluation: foot balance and alignment, pain and pressure, gait and range of motion.
- We will recommend optimum footwear, orthotics, and related devices to help you solve your personal foot comfort, gait, balance and alignment needs.

Eneslow's Certified Pedorthists will work in concert with your healthcare provider's recommended treatment plan. This joint effort allows you to benefit from multiple footcare professionals.

**PLEASE ALLOW US TO FIT YOUR FEET
WHATEVER SHAPE THEY ARE IN.**

DIFFICULT FEET

- Eneslow Comfort footwear is an effective prevention tool for many foot-related conditions.
- Eneslow Therapeutic footwear is used to treat foot conditions from diabetes, arthritis, neurologic conditions, traumatic injuries, congenital deformities, and sports-related disorders.
- Eneslow footwear is designed to improve a person's gait; increase ambulation, relieve problems such as plantar fasciitis or metatarsalgia, and other chronic and acute conditions.
- Shoe selection is based on health and fitness, biomechanics, and foot size and shape.

**YOUR PERSONAL TASTE AND STYLE ARE ALWAYS
IMPORTANT IN FOOTWEAR SELECTION.**

SPECIAL PROBLEMS

REQUIRE SPECIAL SOLUTIONS!

ENESLOW'S PEDORTHIC WORKSHOP is our on-site, state-of-art workshop where our master orthopedic technicians **modify your existing footwear and fabricate custom made shoes and orthotics** to meet your specific needs.

Eneslow **PEDORTHIC MODIFICATIONS:** comfort, performance, and endurance are our goals.

Modifying your footwear and orthotics can help relieve many foot and ankle problems. Since 1909, Eneslow's extensive training provides the skills and a wide range of product options to help you get you back on your feet.

EXTERNAL MODIFICATIONS

EXTERNAL MODIFICATIONS

placed on the outside of the shoe can provide increased stability, control motion, reduce impact forces, and accommodate deformities. Shoe elevations, flares, buttresses, wedges are some examples of our options to help return your body to optimal balance, alignment, posture and gait.

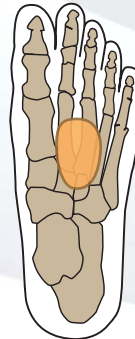

Great care is taken to determine optimal footwear options to help achieve biomechanical goals.

Focus is on the aesthetics of the final product we deliver to you. Eneslow's team of senior pedorthists, orthopedic technicians, and master custom shoemakers combine hundreds of years of experience to help you, in person.

INTERNAL MODIFICATIONS

INTERNAL MODIFICATIONS are placed strategically inside your shoes to help keep your feet stable, reduce pressure, avoid irritations, and most of all provide comfort. Internal modifications are best employed when there is enough space inside your footwear to achieve the goal. Pain-relief options can be precisely provided from heel to toe, and top to bottom of the foot.

WHY ENESLOW?

Eneslow offers a large **FOOTWEAR, ORTHOTICS, FOOT AIDS,** and **HOSIERY** selection in-stock for **YOU!**

Comfortable and accommodative footwear from around the world, carefully selected for their unique features and benefits. Eneslow carries a wide range of orthotics to fit your needs; for the shoes you wear for dress, work, play, or casual.

Eneslow offers an extensive selection of Compression Hosiery, Socks and foot aids. At Eneslow we provide the most comprehensive set of solutions for your feet and footwear needs. Come in and experience Eneslow where **Happy Feet Make People Happy!**
